PhD-candidate in Experimental Financial Accounting

The Institute of Accounting (Institut für Unternehmensrechnung und Controlling - IUC) at the University of Bern invites applications for PhD-candidates in Experimental Financial Accounting (one vacant position).

JOB QUALIFICATIONS:

Applicants have earned a master degree in Accounting or a closely related field (Management, Finance, or Economics) at the start of the employment. Expectations include a strong interest in Financial Accounting, Behavioral Research and the propensity to interact with master and bachelor students. An excellent command of English and German in writing and oral presentations is necessary. Salary is very competitive and depends on the candidate's qualification.

Starting date: Immediately or to be agreed

PhD-PROGRAM:

Successful applicants become part of the recently founded **Swiss Doctoral Program Network in Accounting Research (DAR-CH)** jointly organized by the Universities of Basel, Bern, Neuchâtel, and Zurich. The network partners provide their PhD-students with the opportunity to participate in doctoral courses offered by the three universities and their network partners. The courses are taught by renowned professors of leading U.S. and European universities and faculty members of the participating institutions. The program offers several possibilities for international mobility and network building within the academic accounting community. Successful PhD-students can expect to be well prepared for an academic career or for other qualified expert positions in the area of accounting.
